Social Worker – Detention Center Services

Access Carroll, Inc. - Westminster, MD 21157

POSITION PURPOSE

The Social Worker serving in Detention Center Services through Access Carroll is an integral member of the integrated health care team to support the organization's mission to champion and provide quality, integrated health care services for at-risk residents of Carroll County, Maryland within a person-centered model and community-based population health plan. The Social Worker in Detention Services is responsible for supporting and providing direct social work and behavioral health services to residents of Carroll County who are clients in the substance use disorder treatment program at the Carroll County Detention Center. The Social Worker in the Detention Center will work under the Social Worker Supervisor to ensure performance standards are satisfactorily met.

POSITION DESCRIPTION

Participate and function as a member of the integrated health care team.

Provide direct individual, group, and/or family social work services in accordance with policies and procedures, Behavioral Health Administration, and COMAR.

Maintain an accurate and timely record of all client contacts and client related correspondence in the patient's health record according to policies, including Athena Health Electronic Health Record and the Maryland SMART system.

Work collaboratively with the patient to design an initial treatment plan that addresses the individual's addiction problems with both short and long term goals as well as measurable criteria for completion; and, develop other treatment plans with the client to alleviate other problems as they are discovered.

Maintain regular contact with referral sources through appropriate communication and reporting tools.

Provide both program and case consultations to a variety of health, welfare, and social service organizations, daily or as needed, including:

Carroll County Detention Center Personnel and Chaplain

Carroll County Health Department

Correct Care Medical Services

Carroll County Public Defenders

Perform initial evaluation of patients using psychosocial tools in the patient health record (electronic and paper formats). Decisions and recommendations for the social worker include:

Decisions regarding treatment plan design in collaboration with the client.

Recommendations regarding a more restrictive level of care for their clients are made to their immediate supervisor.

Recommendations for medication evaluations to providers.

Recommendations on individuals assessed to enter treatment services.

Participates in special assignments and committees both internal and external with supervisory approval. Reports content to senior level staff. Reports to clinical staff information as deemed appropriate by supervisors.

Completes all necessary training, certifications and competencies as required for employment and the environment of care.

Utilize equipment, machinery, and tools to complete required duties include computers, printers, telephones, fax machines, photocopiers, televisions/DVDs, and vehicles.

Participate in the system development and reporting of quality assurance measures and activities.

Adheres to accepted ethical and behavioral health care standards of conduct.

POSITION QUALIFICATIONS

Active Maryland License for Social Work – LCPC, LCSW, LCSW-C

Degree from an accredited college or university

Basic computer and technology skills

Strong organizational skills and attention to detail
