Tuerk Conference

on Mental Health & Addiction Treatment

2020 Vision: Working Together During Challenging Times

Live – September 10, 2020

8am to 5pm

Accessible online through September 30, 2020

\$165 for all; \$95 for students

For the first time, this year's conference is being presented virtually due to COVID-19 concerns, but it promises to provide the same Tuerk event experience you have come to expect. We are offering the latest information from locally- and nationally- renowned speakers, and the conference will provide networking opportunities that have been a hallmark of the NCADD-MD Tuerk Conference for the past 32 years.

ADDED BONUS: registrants will be able to access all four plenaries and any or all of the 12 workshops.

Each participant will receive 6 CEUs (*LIVE and recorded sessions*) and those with medical degrees will receive 6.25 CME credits (*LIVE sessions only*). We have stayed with our original program, but have updated it to include new information on police reform, racial inequities, decriminalization, economic downturns, and drug policy reform, as it relates to Mental Health and Addiction Treatment, in light of this year's political developments and concerns.
