10.63.03.16

.16 Supported Employment Program (SEP).

In order to be licensed under this subtitle, a supported employment program (SEP) shall:

A. [Provide services designed to assist an individual to choose, obtain, and maintain competitive employment; and] Provide pre-placement, job development, job placement, intensive job coaching, and ongoing employment support services that:

(1) Are designed to assist an individual to choose, obtain, maintain, and advance within competitive integrated employment;

(2) Are based on an ongoing, work-based assessment of the individual’s employment interests, preferences, skills, resources, and needs: and

(3) Include a minimum of one monthly contact with the employer unless the individual has chosen not to disclose his or her disability to the employer.
B. [Assist an individual to obtain competitive employment in an integrated work environment that provides:

1) Compensation of at least minimum wage;

2) An individualized approach that establishes an hours-per-week employment goal to maximize an individual’s vocational potential; and

3) Additional supports, as needed, delivered where appropriate.]

Establish, in collaboration with the individual, an individualized hours-per-week employment goal to maximize an individual’s economic self-sufficiency.

C. Not procure or support any agency-sponsored employment.

D. Employ a Program Director who:

1) At minimum, is a graduate of an accredited bachelor’s degree program;

2) Is available to provide supported employment program administration and staff supervision;

3) May also serve as an Employment Specialist; and

4) Is qualified to be a rehabilitation specialist under Regulation .09C of this chapter; or

5) Is certified as an Individual Placement and Support (IPS) practitioner by the IPS Employment Center at the Rockville Institute; or

6) Is certified as an Employment Support Professional by the Association of People Supporting Employment First (APSF);

E. Employ one full-time Employment Specialist to provide services under §A of this regulation for every 20 individuals on the program’s active caseload.

F. Ensure that each employment specialist receives at least six contact hours per year of training approved by the Administration on benefits counseling and work incentives.

G. Establish a cooperative agreement with the Division of Rehabilitation Services (DORS) for the provision of supported employment services prior to the provision of any services under §A of this regulation.

H. Be licensed as a Psychiatric Rehabilitation Program for Adults.

I. Required management staff in this program, as defined in this regulation (COMAR 10.63.01) and subject to the requirements for reporting of vacancies under COMAR 10.63.01.05.I include the Program Director.

10.63.03.17

.17 Substance-Related Disorder Treatment Program in Correctional Facilities.

NO CHANGE
10.63.03.18

.18 Withdrawal Management Service.

A withdrawal management service is one that:

A. May be provided at one or more of the following ASAM levels:

(1)—(2) (text unchanged)

(3) Level 3.2-WM, clinically-managed residential withdrawal management; [or]

(4) Level 3.7-WM, medically-monitored residential withdrawal management; or

(5) Outpatient Mental Health Center

B.—D. (text unchanged)

E. Provides additional referrals as necessary; [and]

F. At Level I-WM, Level 2-WM, and Level 3.7-WM, employs a physician, nurse practitioner, or physician assistant who:

(1) Obtains a comprehensive medical history and physical examination of the patient at admission; and

10.63.03.19

.19 Opioid Treatment Service.

An opioid treatment service is one that:

A. Complies with the requirements of 42 CFR §8;

B. Is under the direction of a medical director who is a physician and:

(1) Has at least 3 years of documented experience providing services to persons with substance-related disorders and opioid use disorders, including at least 1 year of experience in the treatment of opioid use disorder with opioid maintenance therapy [and] or is board-certified in addiction medicine or addiction psychiatry; [or]

((2) Is certified in added qualifications in addiction psychiatry by the American Board of Psychiatry and Neurology, Inc.;]

(2) Does not have any restrictions on any required State or federal license;

(3) Must be available for consultation during the normal operating hours of the program;

(4) Takes an active part in interdisciplinary team meetings, not less than every 2 weeks;
(5) Must have successfully completed training in the use of buprenorphine required by the Drug Addiction Treatment Act 2000;

(6) Is responsible for assuring all medical, psychiatric, nursing, pharmacy, toxicology, and other services offered are conducted in compliance with State and federal regulations at all times. The medical director shall be on-site at the program a sufficient number of hours to assure regulatory compliance and carry out those duties specifically assigned to the medical director by regulation. The medical director may directly provide the required services to patients or assure that the needed services are provided by appropriately trained and licensed providers in compliance with federal and State regulations;

(7) A program unable to hire a medical director who meets the criteria set forth in § of this chapter may hire an interim medical director under the following conditions:

(a) The program shall submit, for the Administration’s approval, a training plan for the interim medical director to achieve the necessary qualifications;

(b) The plan shall address a means for achieving minimal competencies and proficiencies until the interim medical director meets qualifications set forth in § of this chapter; and

(c) The interim medical director shall meet the qualifications within 48 months of being hired;

C. (text unchanged)

D. Provides clinical services addressing any substance-use disorders to each patient at a frequency based on the patient’s clinical stability level, not to exceed an overall program-wide average of 50:1 patient-to-counselor ratio;

E. Develops an individualized treatment plan, based on a comprehensive assessment, which includes at minimum those elements outlined in the relevant accreditation standards followed by the organization.

(1) Completed and signed by the alcohol and drug counselor and the patient within 7 working days of the comprehensive assessment;

(2) Updated every 90 days for the first year of treatment; and

(3) After completion of 1 year of continuous treatment and if the patient meets the requirements for unsupervised or take home use set forth in CFR 42 §8.12(i), the individualized treatment plan may be updated every 180 days and signed by the drug and alcohol counselor and the patient;

F. Infectious Disease Education. Within the first 30 days of treatment, a program shall ensure and document in the patient record that human immunodeficiency virus, hepatitis, sexually transmitted diseases, and tuberculosis education was completed, including:

(1) Risk assessment;

(2) Risk reduction; and

(3) If appropriate, referral for counseling and testing;
[E.] G. Arranges for any opioid maintenance medication dispensed to a patient to be transported to the following service sites:

(1) Residential programs at Levels 3.3, 3.5, and 3.7, as described in Regulations .12—.14 of this chapter;

(2) Withdrawal management services at ASAM levels 3.2-WM and 3.7-WM as described in Regulation .18 of this chapter; [or]

(3) Residential programs at levels 3.1, when the patient, because of a developmental or physical disability, or lack of access to transportation, cannot obtain or transport the patient’s take-home opioid maintenance medication;

(4) Nursing homes, assisted living facilities, rehabilitation facilities, or any residential program licensed by the Department;

[H.] J. Conducts random drug testing, at a minimum, for the following substances:

(1)—(5) (text unchanged)

(6) Methadone or buprenorphine, whichever is appropriate; [and]

(7) (text unchanged)

(8) Fentanyl; and

(9) Other substances as identified by the Department;

[K.] M. Requires that a patient show evidence of the availability of locked storage before a patient may take home any dose of medication; [and]

[L. Provides clinical services addressing any substance-use disorders to each patient.]

N. Provides 24 hour telephone emergency response capability staffed by licensed or certified individuals credentialed to assess clinical issues arising during treatment;

O. Dispensing Methadone and Other Medication-Assisted Treatment;

(1) A registered nurse or licensed practical nurse working in a methadone clinic licensed by the Maryland Department of Health may dispense methadone in accordance with:

(a) The patient's standing medication order;

(b) The opioid treatment program’s policies and procedures for dispensing methadone and other DEA approved opioid use disorder medications; and

(c) State and federal laws and regulations for labeling;
(2) A registered nurse or licensed practical nurse working in a methadone clinic an opioid treatment program licensed by the Maryland Department of Health shall dispense methadone and other DEA-approved opioid use disorder medications:

(a) In tamper evident containers;

(b) In child resistant containers; and

(c) With any required patient information documents;

(3) A registered nurse or licensed practical nurse working in a methadone clinic an opioid treatment program licensed by the Maryland Department of Health shall maintain records of methadone opioid use disorder treatment medications dispensed in accordance with the provisions of Health-General Article, Title 4, Subtitle 3, Annotated Code of Maryland;

(4) A registered nurse or licensed practical nurse may not delegate the dispensing of methadone or other DEA-approved Opioid Use disorder medications;

P. Required management staff in this program, as defined in this regulation (COMAR 10.63.01) and subject to the requirements for reporting of vacancies under COMAR 10.63.01.05.I include the Medical Director.
