

Strategies for Providers to Increase Vaccine Uptake

The Maryland Department of Health (MDH) Behavioral Health Administration (BHA) presents an important webinar for Maryland providers:

Strategies for Providers to Increase Vaccine Uptake

Monday, April 26 | 5-6 p.m.

[Register here](#)

Vaccine hesitancy will continue to be a barrier to protecting ourselves and our community, even as access to vaccines expands. This webinar will focus on the following:

- Communication strategies providers can use to address COVID-19 vaccine hesitancy
- Strategies on how to access the vaccines for those in their care
- How providers can become vaccinators

Presenters include MDH's Assistant Secretary of Health Bryan Mroz and Rupali Limaye, PhD, the Director of Behavioral and Implementation Science at the International Vaccine Access Center at the Johns Hopkins Bloomberg School of Public Health, and an expert in vaccine behavior and decision-making. The moderator is Jeff Richardson, LCSW, MBA, Vice President and Chief Operating Officer of Sheppard Pratt Community Services.
