The services and facilities of the Maryland Department of Health and Mental Hygiene (DHMH) are operated on a non-discriminatory basis. The policy prohibits discrimination on the basis of race, color, sex, or national origin and applies to the provisions of employment and granting of advantages, privileges, and accommodations.

The Department, in compliance with the Americans with Disabilities Act, ensures that qualified individuals with disabilities are given an opportunity to participate in and benefit from DHMH services, programs, benefits, and employment opportunities.

**Maryland's  
Adult Consumers  
Rate Their  
Public Mental  
Health Services**

**Consumer Perception of Care Survey  
2012**

## BACKGROUND

The Department of Health and Mental Hygiene’s (DHMH) Mental Hygiene Administration (MHA) conducted a Statewide telephone survey to assess satisfaction with and outcomes of services provided by Maryland’s Public Mental Health System (PMHS). The Adult Consumer Perception of Care Survey was administered in Fiscal Year 2012 to a sample of adults who had received outpatient mental health treatment services and/or psychiatric rehabilitation services between January and December 2011. A total of **611** adults participated in the survey, representing **35%** of those contacted.

## RATING TREATMENT SUCCESS

Adult consumers were asked how they had improved as a direct result of the mental health services they received. Percentages below represent those respondents who “strongly agreed” or “agreed” with the following statements:

69%	I deal more effectively with daily problems.
71%	I am better able to control my life.
67%	I am better able to deal with crisis.
70%	I am getting along better with my family.
58%	I do better in social situations.
58%	I do better in school and/or work.
58%	My housing situation has improved.
55%	My symptoms are not bothering me as much.
67%	I do things that are more meaningful to me.
72%	I am better able to take care of my needs.
61%	I am better able to handle things when they go wrong.
62%	I am better able to do things that I want to do.
71%	I am happy with the friendships I have.
76%	I have people with whom I can do enjoyable things.
65%	I feel I belong in my community.
76%	In a crisis, I would have the support I need from family or friends.

## RATING SATISFACTION WITH SERVICES

Adult consumers were asked to rate their overall satisfaction with the mental health services they received. Eighty percent (80%) of the respondents “strongly agreed” or “agreed” with the statement, “Overall, I am satisfied with the mental health services I received.” Consumers were also asked to rate their satisfaction with specific aspects of the outpatient mental health treatment and psychiatric rehabilitation services they received. The table below shows survey findings, where percentages represent respondents who “strongly agreed” or “agreed” with each item, using a 5-point scale.

SATISFACTION WITH SERVICES	OUTPATIENT TREATMENT SERVICES	PSYCHIATRIC REHABILITATION SERVICES
I like the services that I received.	85%	86%
If I had other choices, I would still get services from this provider.	79%	80%
I would recommend this provider to a friend or a family member.	83%	84%
The location of services was convenient.	85%	84%
Staff were willing to see me as often as I felt it was necessary.	85%	81%
Staff returned my calls in 24 hours.	77%	74%
Services were available at times that were good for me.	88%	82%
I was able to get all the services I thought I needed.	82%	79%
I was able to see a psychiatrist when I wanted to.	76%	N/A
Staff here believe that I can grow, change, and recover.	87%	85%
I felt comfortable asking questions about my treatment/rehabilitation and medication.	92%	88%
I felt free to complain.	87%	78%
I was given information about my rights.	90%	88%
Staff encouraged me to take responsibility for how I live my life.	86%	88%
Staff told me what side effects to watch out for.	79%	N/A
Staff respected my wishes about who is and is not to be given information about my treatment/rehabilitation.	92%	87%
I, not staff, decided my treatment/rehabilitation goals.	74%	69%
Staff helped me obtain the information I needed so that I could take charge of managing my illness.	83%	81%
I was encouraged to use consumer-run programs.	66%	80%
Staff were sensitive to my cultural or ethnic background.	84%	85%
Staff respected my family's religious or spiritual beliefs.	87%	86%
Staff treated me with respect.	93%	87%
Staff spoke with me in a way that I understood.	94%	90%
